**ORDER**

13 The court has read and considered defendants Philip Bradley Parker and Wayne Williams'  
14 motion to dismiss or stay the first amended complaint (#73, response #78, reply #79) and  
15 concludes that the motion presents matters outside of the pleadings. Therefore, the arguments  
16 must be brought at the summary judgment stage. Accordingly,

17 THE COURT HEREBY ORDERS that defendant Parker and William's motion to dismiss  
18 or stay the first amended complaint (#73) is DENIED. A motion for summary judgment may be  
19 filed at the close of discovery in this, or the California action, as overseen by the magistrate judge.
